

Ratification of the 2021 Rates for the Replacement Water Supply Agreements (2-Tier Contracts)

***Presented by
David Thompson
Chief Financial Officer***

Ratification of 2-Tier Rates

- **Replacement Water Supply Agreements (2-Tier) were created as the negotiated settlement of a rate case filed in 1991.**
- **There are thirteen(13) 2-Tier agreements, 98,999 ac-ft.**
- **Referred to as 2-Tier because there are two rates.**
 - **Activated Water (Election water) rate.**
 - **Not Activated (Option-water) at ½ the Election rate.**

Ratification of 2-Tier Rates

- **In July we present the estimated 2021 2-Tier rate in our Customer meetings and Board meeting.**
- **Annual Rate Increase is calculated using the change in the Consumer Price Index (CPI) for the month of November in a defined formula per the agreement.**
- **The November CPI is published in mid to late December, therefore the 2-Tier rate is calculated at this time for 2021.**
- **Letters are sent out to the 13 customers in December notifying them of the proposed new 2- Tier rates.**

Ratification of 2-Tier Rates

- **The proposed new 2021 rates require Board ratification in January.**
- **Proposed rate increase:**
 - **Activated Water (Election water) \$27.82 to \$27.98**
 - **Not Activated (Option-water) \$13.91 to \$13.99**
- **Once approved we bill the 2-Tier customers.**

Ratification of 2-Tier Rates

“BE IT RESOLVED that the Board of Directors of the Brazos River Authority hereby ratifies the 2021 rates of \$27.98 per acre-foot for Election Use Water and \$13.99 per acre-foot for Option Use Water as adjusted in accordance with the formula stated in the existing Replacement Water Supply Agreements.”
