Leon River WPP Update

Leon River WPP Project Background

Leon River WPP Stakeholder Involvement

- **General Stakeholder Group**

- **Focus Groups**
 - **Farm and Ranch Focus Group**
 - Consisting of individuals throughout the entire watershed (3 separate groups)
 - **Dairy Focus Group**
 - **Municipal Focus Group**
 - Representing the cities of Hamilton, Gatesville, Dublin and Gustine
 - **County Focus Group**
 - Consisting of County Elected Officials
 - **Other Landowner Focus Group**
 - Representing wildlife, environmental, and other interested parties

- **Working Committee**
 - Consisted of one representative from each of the Focus Groups
 - Discussions reported back to stakeholder group and focus

Management strategies identified in the WPP include measures to address the following sources:

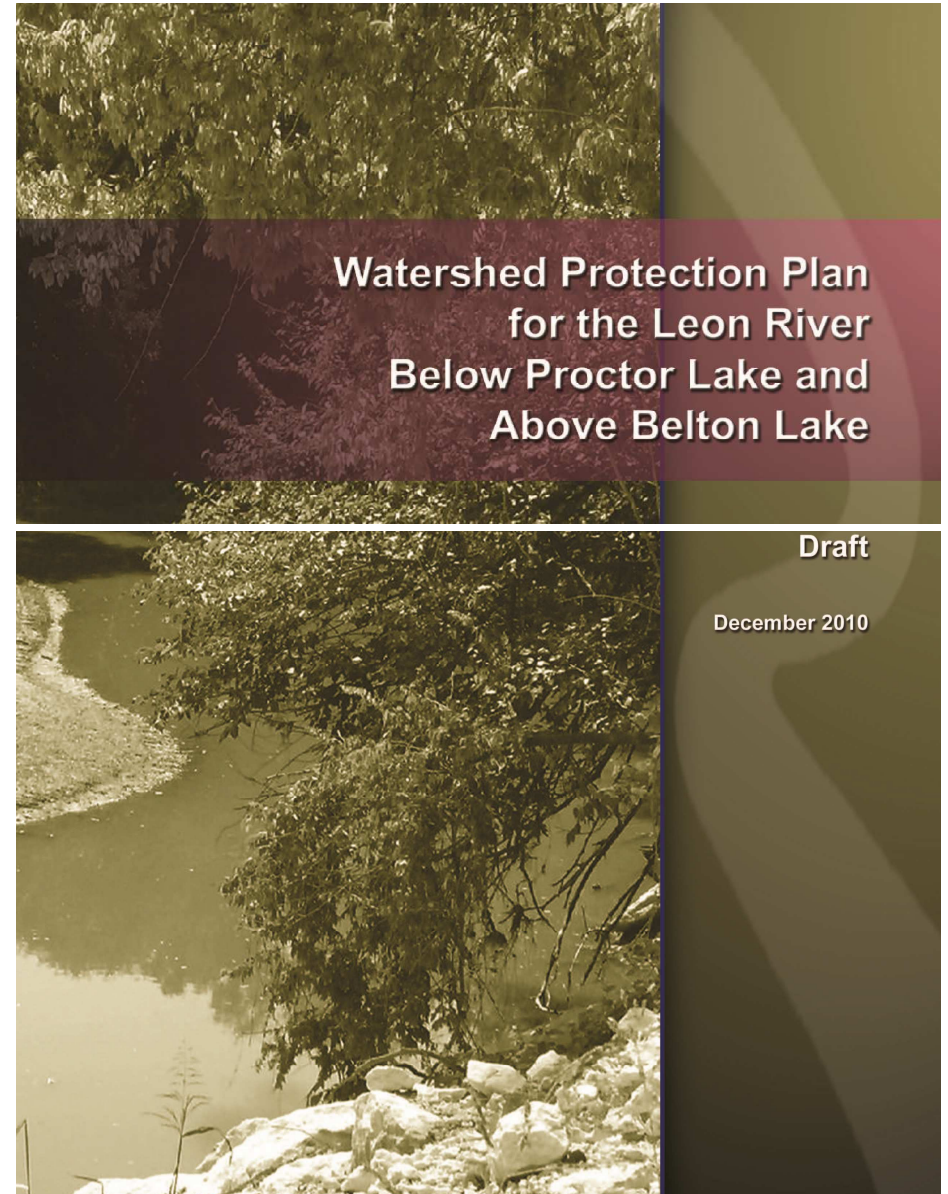

- **Wastewater Infrastructure**
- **Septic Systems**
- **Feral Hogs**
- **Livestock watering in creeks**
- **Wildlife management**
- **Manure application**
- **Dead animal disposal**
- **Others**

Draft Watershed Protection Plan

- Draft WPP was put out for public comment on December 15, 2010
- Comments were received by February 18, 2011
- Comments are being addressed
- Proposed revisions will be presented to Stakeholders
- Approved revised draft will be submitted to TSSWCB for submission of EPA
