

# ***Fisheries Habitat Improvement Project***

***Presented by  
Tiffany Morgan  
Environmental Services Manager***

# ***Reservoir Fisheries Guidelines***

- **Partnered with Texas Parks and Wildlife Department (TPWD)**
- **Operating guidelines to manage impacts from water-level fluctuations on fisheries**
- **Guidelines include:**
  - **Unique reservoir thresholds below which fishery habitat is significantly reduced**
  - **Commitment to work with TPWD to mitigate the negative effects of prolonged, low water levels**

# ***Fisheries Habitat Improvement Project***

- **Recent multi-year drought**
- **Lake Proctor, Lake Granbury, Possum Kingdom Lake – individual plan for each lake**
- **TPWD Inland Fisheries staff will coordinate placement of artificial structures with BRA Lake Staff**
- **Project to be completed by August 31, 2016**
- **Additional, projects anticipated for FY 2017 and FY 2018**
