Re: Termination of the Stage 1 – Drought Watch Declaration for Lake Belton

Dear Mr. Grandy:

In accordance with its Drought Contingency Plan (Plan), the Brazos River Authority (BRA) informed you by letter of the downgrade of the Stage 2 – Drought Warning to a Stage 1 – Drought Watch condition on April 19, 2024. Due to recent rainfall, Lake Belton's lake level has risen into the flood pool and is well above the Stage 1 trigger. We anticipate that the lake level will remain above the Stage 1 trigger level for an extended period.

Therefore, the BRA is terminating the Stage 1 – Drought Watch declaration for Lake Belton. If drought conditions re-emerge later this year, we will coordinate with you as necessary under the Plan.

The Plan is available on our website at <https://www.brazos.org> under About Us – Water Supply – Drought – Drought Contingency Plan. Current drought information is also located on the website at <http://www.brazos.org/About-Us/Water-Supply/Drought>.

If you have questions, please contact Amy Muttoni, Regional Customer Relations Business Manager for the Central Basin, at (254) 761-3165.

Sincerely,
