Re: Downgrade to Stage 1 – Drought Watch for Water Supplied from the Colorado River Basin

Dear Mr. Brandenburg:

The Brazos River Authority (BRA) informed you by letter of the declaration of the Stage 2 – Drought Warning dated August 16, 2023, for the 25,000 acre-feet (AF) of water (Lower Colorado River Authority (LCRA) water) that BRA has contracted with the LCRA to be delivered from the Colorado River Basin for use in Williamson County.

You are receiving this letter because you have a water supply contract with the BRA for a portion of the LCRA water, and recent improvements to drought conditions in the Colorado River Basin have resulted in the combined storage of Lakes Buchanan and Travis rising above the Stage 2 – Drought Warning storage trigger of 900,000 AF. **Therefore, the BRA is downgrading the drought declaration to a Stage 1 – Drought Watch Condition for customers using LCRA water.**

As stated in the BRA Drought Contingency Plan (Plan), BRA will comply with LCRA drought declarations for this water. Under Stage 1, LCRA is requesting a ten percent (10%) reduction in water use that would have occurred in the absence of any drought contingency measures.

We ask that you take action consistent with Stage 1 of the BRA Plan to achieve a ten percent (10%) reduction in your water use sourced from LCRA water.

Additional information on the implementation of the Stage 1 – Drought Watch Condition can be found in the BRA Plan, which is available on our website at <https://www.brazos.org> under About Us – Water Supply – Drought – Drought Contingency Plan. Current drought information is also located on the website at <http://www.brazos.org/About-Us/Water-Supply/Drought>.

The BRA is monitoring water supply and drought conditions within the basin and will notify you when changes under the BRA Plan are made or additional action is required.

If you have questions, please contact Amy Muttoni, Regional Customer Relations Business Manager for the Central Basin, at (254) 761-3165.

Sincerely,

DAVID COLLINSWORTH
General Manager/CEO
