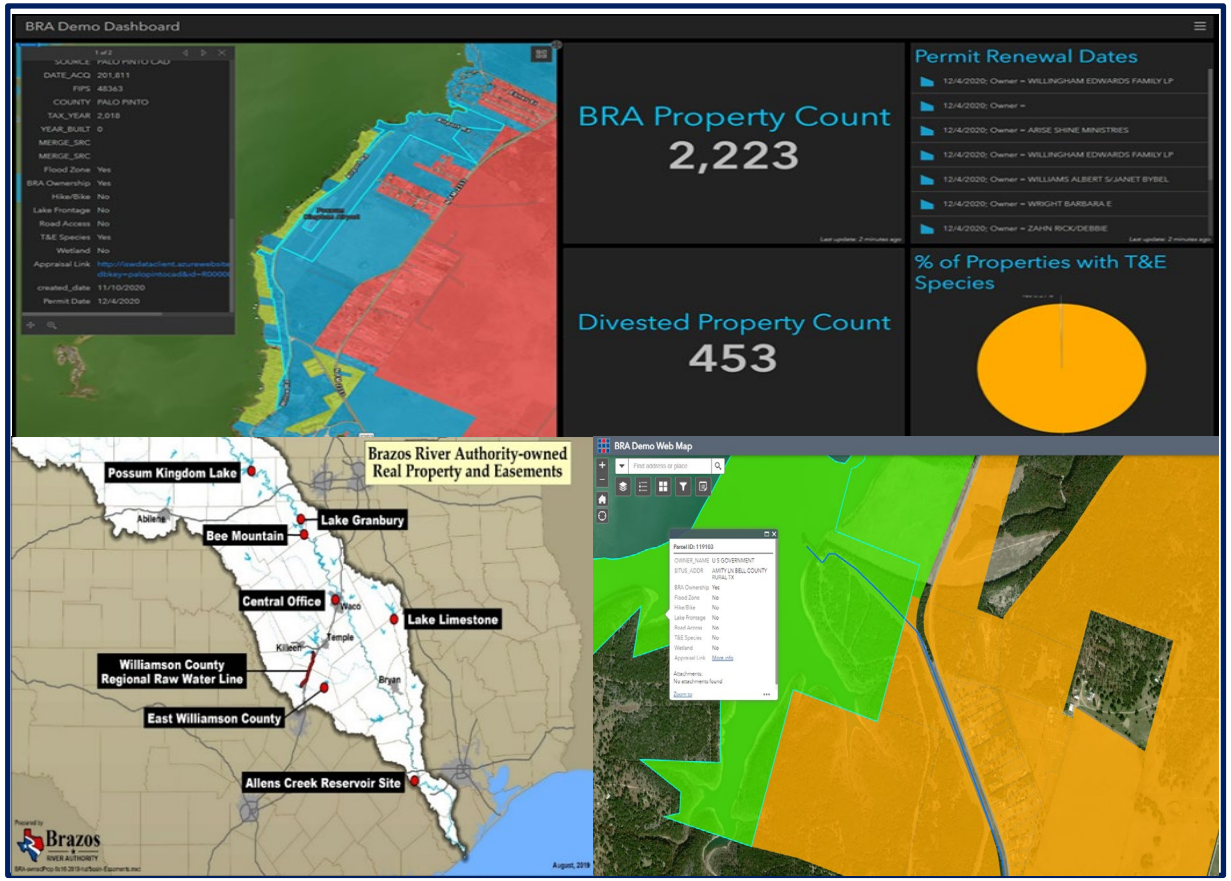
BRA Property Master Plan

Brazos River Authority



The Project

The purpose of the Property Master Plan is to develop a property management database that includes all BRA properties, easements, associated features, and encumbrances. This database will be used to manage BRA properties and easements to accomplish our mission. This plan will provide the current status of all BRA property interests and provide direction on how these properties will be managed and utilized in BRA's future operations.

Current Project Status 5/13/2022

- Halff and BRA are nearing completion of transferring the Property Management Database (PMD) to BRA systems
- Halff is currently training BRA GIS admins on managing and maintaining the database
- Training for use of the PMD and project completion will occur in FY22 Q4
- An overview of the PMD will be provided to the Property Management Committee at a near-future meeting.

Planned Schedule

Note: BRA Fiscal Year Runs Sept to Aug

Budget Summary	
FY 2022 Budget	$640,000
FY 2022 Project Expenses (As of 3/31/22)	$76,160
