

Lake Whitney Reallocation Study with the US Army Corps of Engineers

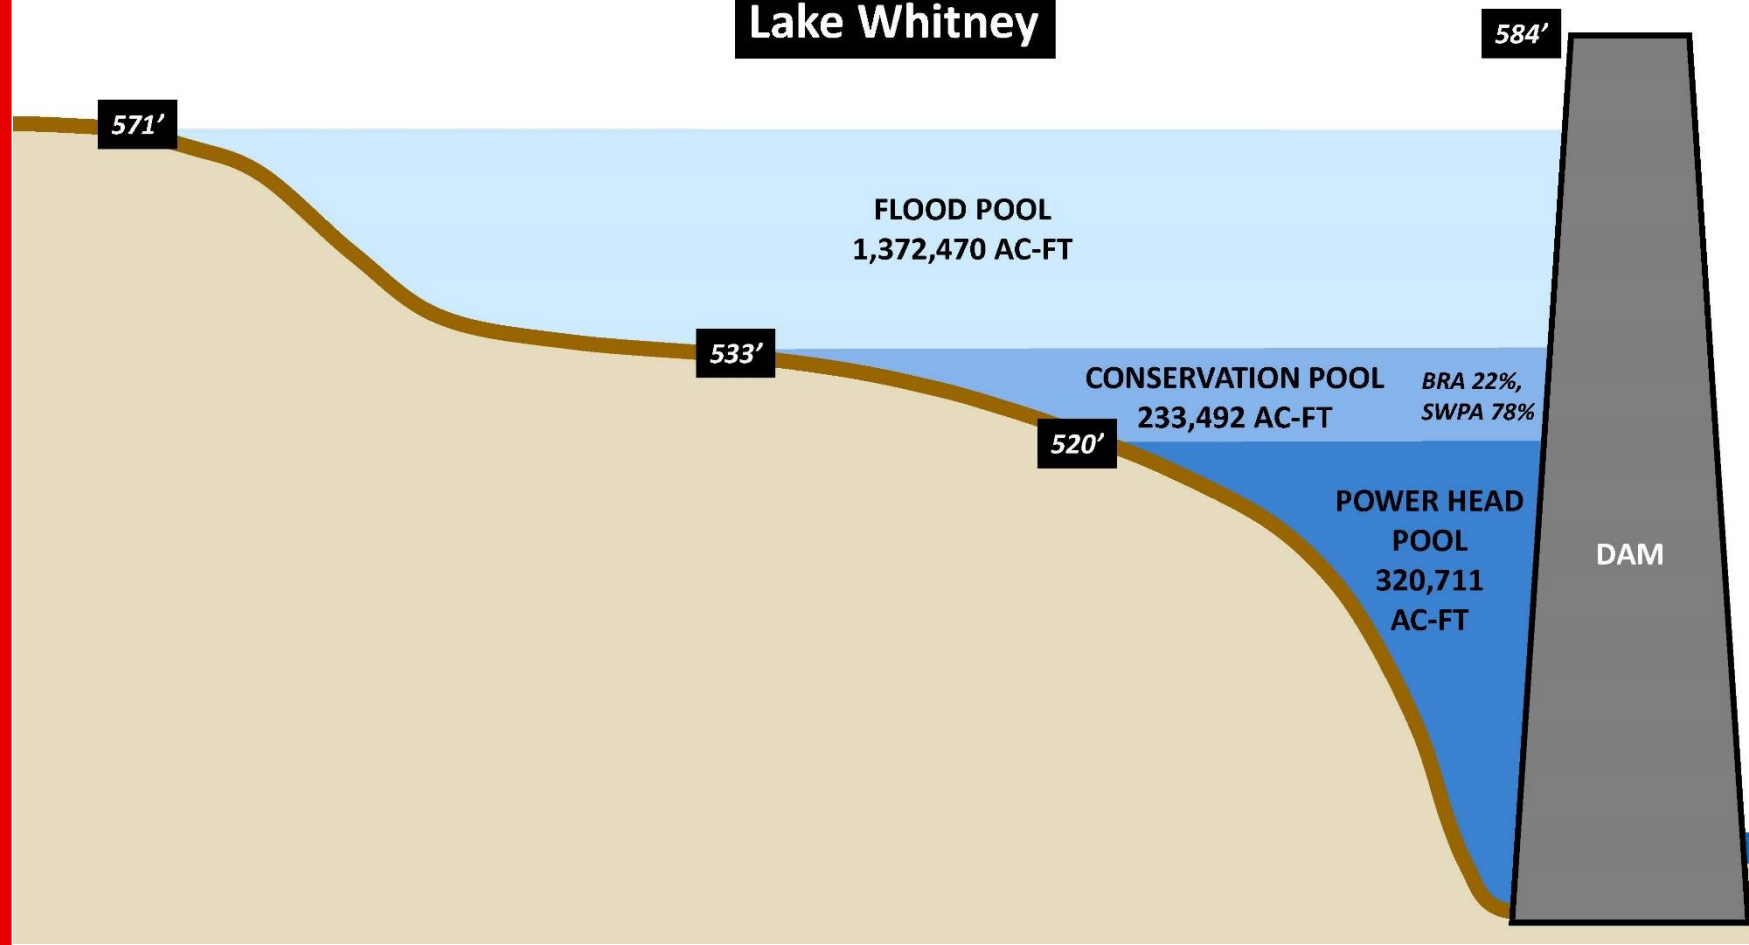

***Presented by
Brad Brunett, Central and Lower Basin Regional Manager***

Meeting Date: July 30, 2018

Lake Whitney

2016 Brazos G Water Plan

- **Lake Whitney reallocation considered as a strategy**
- **Two options considered**
 - Top 13 feet all reallocated to water supply
 - Top 23 feet all reallocated to water supply
- **Potential yield increase of 21,000 – 73,000 acre-feet per year**

Process Moving Forward

- **BRA submit letter to Corps Fort Worth District Office agreeing to fund the study**
- **Corps Fort Worth District to coordinate approval to proceed with Corps Headquarters (expected to be six months or more)**
- **BRA and Corps execute agreements to conduct the study**
- **Commence study effort (latter half of 2019)**

Resolution

“BE IT RESOLVED that the Board of Directors of the Brazos River Authority hereby authorizes the General Manager/CEO to submit a letter to the US Army Corps of Engineers stating that the Brazos River Authority will serve as the local sponsor for a reallocation study at Lake Whitney and, (subject to a successful negotiation of contract, scope of work and project management plan documents) will fund the total cost of the study effort in an amount not to exceed \$3,000,000.”
