**TAYLOR ELECTED SECRETARY OF  
BRAZOS RIVER AUTHORITY BOARD OF DIRECTORS**

October 30, 2019 – Waco, TX -- In a unanimous vote, the Brazos River Authority Board of Directors elected W. Wintford Taylor, III, to the position of Secretary for the 2019 – 2021 term. Ford Taylor is a life-long Waco resident and has been a member of the BRA Board of Directors since 2015.

Mr. Taylor is president and chief executive officer of Wm. Taylor & Co., a commercial general construction firm. He is a member of the Association of General Contractors, served as the state director for the Central Texas Associated General Contractors, and an Executive Board member of the Waco Business League. He serves the Board of Trustees for Camp Allen – Episcopal Diocese of Texas.

Mr. Taylor received a Bachelor of Business Administration Degree from Texas Tech University. He is past chairman of the Waco Planning Commission and a member of St. Paul's Episcopal Church.

The BRA's 21-member Board of Directors is appointed by the governor and confirmed by the state senate. Each Board member serves a six-year term, with one-third of the Board being replaced each odd-numbered year. The Board includes three officer positions. The position of Presiding Officer is appointed by the governor and serves at his pleasure. Along with the position of Assistant Presiding Officer, the Secretary is an elected position determined by a vote of the BRA Board members.

***About the Brazos River Authority***

The Brazos River Authority, with headquarters in Waco, is the oldest river authority in Texas. Created by the Texas Legislature in 1929, the Authority's 42,000 square-mile territory includes all or part of 70 counties; extending from the Texas-New Mexico border west of Lubbock to the Gulf of Mexico near Freeport.

The BRA built, owns, and operates three reservoirs (Lakes Possum Kingdom, Granbury, and Limestone). In addition to these water supply reservoirs, the BRA contracts with the Corps of Engineers for the water supply storage space at eight federal multi-purpose flood control and water conservation reservoirs (Lakes Whitney, Belton, Proctor, Somerville, Stillhouse Hollow, Granger, Georgetown and Aquilla).

The Brazos River Authority operates a regional wastewater system for the cities of Temple-Belton. The BRA also operates wastewater treatment plants for the cities of Clute-Richwood, Sugar Land, and Hutto. The BRA owns and operates the East Williamson County Regional Water System, providing potable drinking water to communities in Williamson County and the Sandy Creek potable water treatment plant for the City of Leander.

The BRA engages in water quality monitoring activities throughout the Brazos River basin. As a member of the Texas Clean River Program, the BRA samples and tests water from more than 100 locations throughout the basin on either a monthly, quarterly or annual basis.
