

Brazos River Basin Clean Rivers Program Steering Committee Annual Meeting

**April 22, 2021
10:00am**

Microsoft Teams Meeting

Agenda

- **Welcome and Introductions**
- **The New State and Regional Flood Planning Process – Ryke Moore, Texas Water Development Board**
- **Status of BRA's USFWS Candidate Conservation Agreement with Assurances for the False Spike and Texas Fawnsfoot in the Brazos River Basin – Tiffany Morgan, Brazos River Authority**
- **Watershed Public Awareness Through STEM Programming – Kara Escajeda - City of Nolanville, City Manager**
- **Environmental Enforcement, Illegal Dumping, and Illegal Discharge – Kyle Lewis, Brazos River Authority**
- **Pipeline and Legacy Oilfield Effects in the Lower Basin of the Brazos River – Bruce Bodson, Lower Brazos Riverwatch**
- **Short Update on Water Bodies Not Meeting State Criteria in the 2020 IR and Proposed Monitoring for FY 2022 – Jenna Olson, Brazos River Authority**
- **Discussion – As we go through impairments and proposed monitoring in each of the Brazos River Basin watersheds, project managers are invited to share information regarding any water quality projects, results, or upcoming water quality projects as we get to the watershed of interest. You may share your screen if you would like to show slides or just share comments.**
- **Closing Comments / Q and A**
