

Brazos River Authority

December 29, 2023

**Addendum No. 2
LAKE GRANBURY EMBANKMENT STABILITY ANALYSIS AND ASSESSMENT
RFP No. 24-1328**

It is the responsibility of the Respondent to assure and guarantee by acknowledging the receipt of this Addendum in the proposal that the Respondent has received the Addendum in its entirety, and that the Respondent accepts all conditions contained herein.

QUESTIONS AND ANSWERS

1. Are any of the historical inspection reports, geotechnical reports, as-builts, or instrumentation plans available for review as part of the RFP process?

The referenced information will be provided for review to the selected Respondent.

2. Is information on the piezometers including installation dates and locations available for review?

The referenced information will be provided for review to the selected Respondent.

3. Please verify if cover sheet and tab sheets are included as part of the 20-page count.

The cover sheet and tab sheets are not included as part of the page count.

Regards,

Bryan Gray
